A PLACE IN THE OTTAWA CABINET .- The Ostawa Free Press, an influential journal, to the Governor at Olympia. sublished at the capital, has the following in its issue of the 9th : "The London Advertiser. says that a rivalry exists between Hon. Amor osmos and Senator Carrall for a place in the Cabinet. We understand that no such rivalry exists between these two gentlemen. and that they are in accord on all important questions affecting the interests of British Columbia. The Mail correspondent here, a few days since, put into the mouth of the British Columbia members a desire to repudiate all claims to representation of their Province in the Cabinet. As might be imagined there was no foundation for such a statement, and members from British Columbia are much annoyed at being placed in sach a false position before the country.

New Line of Btoamships to run By Glectric Telegraph. Francisco.

Upon the completion of the present conract between the Ottawa authorities and the owners of the Prince Alfred, which will occur about the beginning of next year, a new line of large and powerful vessels will take the place of the present service. Two steamships, 1,700 tous each, named respectively the Northerner and the Southerner, and which will be able to make the trip in seventy hours, will be placed on the route. They are owned by a private house in Quebec, and an agent of the owner is at present in town, with a view to make preliminary arrangements for the inauguration of the service. The new line has obtained the contract from the Government,-\$54,000 a year,-the same as is now paid the Prince Alfred, and to commence as before stated, early nest year. This will be favorable news to British Columbians and people on the other side:

The Tannery operations only commenced in August last, and as the tanning process involves a period of several months, the business of this I epartment is in its infancy—a very superior article is, however, being produced at low prices by an economical process, and, as there is no difficulty in obtaining an abundant supply of Hides, the outturn will be sufficient for the supply of the general demand for harness, mill beiting, &c, in addition to the requirements of the Boot Factory.

The Belmont hoot and Sh ee Factory was the first enterprise of its kind established in the Province, and its having been so far carried on with success is an assurance that, as population increases, very remunerative returns will be realised.

The value of industrial institutions to the well being of any country is indispitable, and as the bides produced in the Province are now being manufactured, into leather, which in turn is made into Toots and Sho's, &c., (instead of as formerly being exported and the striple in turn interested, the saving is (instead of as formerly being exported and the ufactured articles in turn imported,) the saving se
